<h1>Welcome To Smart Fashion Store...!!!</h1>
<div>

</div>
</body>
</html>
```

Output:-

4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

Url :- [chatbot link](#) <- click

Image-

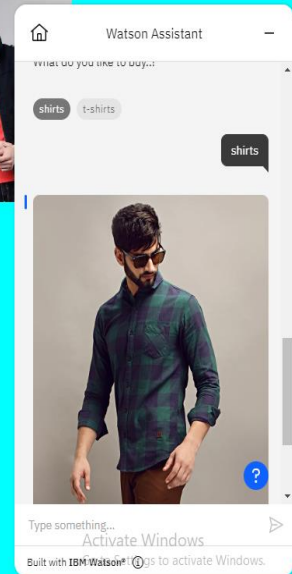

5. Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot shows the IBM Watson Assistant Lite interface. The top bar includes "IBM Watson Assistant Lite", "Upgrade", "Smart fashion b...", and "Learning center". The main area is titled "Recommendation". On the left, a "Conversation steps" panel shows a sequence of steps: 1. "Specify your gender..." with buttons for "male" and "female"; 2. "What do you like to buy.?" with buttons for "shirts" and "t-shirts"; 3. "What do you like to buy.?" with buttons for "chudi's" and "saree"; 4. "Do you like it?". The right panel, "Customer starts with:", contains instructions and a list of phrases: "buy dress", "Want to buy dress", "smart fashion", "dresses", and "Recommendation". A "New step" button is at the bottom left.

The screenshot shows the IBM Watson Assistant Lite interface with Step 7 selected. The left panel shows the conversation steps, with Step 7 highlighted. The right panel, "Step 7 is taken", shows the configuration for this step. It includes a "Conditions" section with a single condition: "3. What do you like to ..." is "saree". Below this, the "Assistant says" section shows a text input field containing a URL: "https://media.kreeva.com/catalog/product/cache/00e31345e875163885...". The "Do you like it?" prompt is visible below the text input. A "New step" button is at the bottom left.

Welcome To Smart Fashion Store....!!!

Welcome To Smart Fashion Store....!!!
